

In or Out...we make it Easy!®

Dimensions

1-1/8"D x 1-3/16"W x 2-7/8"L
(28.7mm x 30.1mm x 72.7mm)

Features & Benefits

- Surface-mounted compact electric lock
- Field selectable fail locked or fail unlocked assembly
- Field selectable dual voltage 12/24VDC operation
- Plated (rust-resistant) self adjusting steel locking pin assembly
- 440 lbs. or 200 kg. holding force
- Low energy consumption (184mA @ 12VDC, 90mA @ 24VDC)
- Superior heavy duty metal construction
- Black finish
- Includes hardware kit

Cabinet Lock

Constructed with superior heavy duty metal, this compact electric lock is an ideal choice for securing any cabinet or drawer.

The 3513 is easy to install with self-adjusting alignment tabs together with, side or top mounting capabilities. Four countersunk mounting holes also ensure that the lock is securely mounted. Lock mode is determined by the positioning of the lock solenoid.

Highlights

- Lock mode is field selectable
- Versatile side or top mounting
- Elongated holes on pin for adjustable mounting
- 3-year limited warranty
