

# Video Surveillance Systems

# CAMERA MOUNTS

## **ADMC1360 Series**

### **FEATURES**

- Indoor mounts
- Light-duty, up to 2.2 Kg (5 pounds)
- Adjustable swivel heads
- Beige or black enamel finish
- Wall and ceiling mounts
- Attractive styling

A wide variety of wall and ceiling mounts are available to meet your video surveillance needs. These camera mounts have sturdy, attractive designs and are especially suitable for indoor applications. Their size and unique designs are aesthetically pleasing and complement any type of facility that uses smaller-scale CCD cameras. The units have been engineered for easy installation and adjustment, and are qualitybuilt of rugged aluminum components. Models are available as fixed position mounts with adjustable swivel heads, and telescopic mounts with adjustable swivel heads.
