

CM4400/EM4400 Series Mount

CEILING/WALL MOUNT, CAMERA

Product Features

- Ceiling or Wall Mounting
- Choose from Swivel Head or Adjustable Tilt Table Models
- Cable Feedthrough Hole
- CM4450/EM4450 for Use with Cameras Only
- CM4400/EM4400 Can Also Be Used with Light-Weight Enclosures
- CM4400/EM4400 Support up to 15 Pounds (6.75 kg); CM4450/EM4450 Support up to 7 Pounds (3.15 kg)
- EM4400 and EM4450 can be Mounted to a Single-Outlet, Standard Junction Box

The **CM4400** and **EM4400 Series** are light-duty camera mounts. These mounts are designed primarily for use with lightweight cameras, but they can be used with small camera enclosures, such as the EH3010 and EH3014.

Equipped with an adjustable tilt table and cable feedthrough hole (video coaxial cable and two conductors for camera power), both mounts are capable of supporting up to 15 pounds (6.75 kg). The **CM4400** is for ceiling mount applications and the **EM4400** is for wall mount applications.

The **CM4450** and **EM4450** are light-duty camera mounts and are not recommended for use with enclosures. These mounts feature an adjustable swivel head with set screw for final positioning of the camera and cable feedthrough hole (video coaxial cable and two conductors for camera power). They are designed for use with cameras weighing up to 7 pounds (3.15 kg). The **CM4450** is for ceiling mount applications and the **EM4450** is for wall mount applications.

In addition, the **EM4400** and **EM4450** can be mounted directly to any single-outlet, standard junction box.

All mounts in this series are for indoor use only.

NOTE: VALUES IN PARENTHESES ARE CENTIMETERS; ALL OTHERS ARE INCHES.
