

## VCR, DVR, CPU Lock Boxes

### TECHNICAL SPECIFICATIONS

# FR-DVR6U

## Rack mount cabinet for DVR & accessories

#### A table top cabinet for DVR and 19" rack mounted accessories

This NEW all aluminum 12 gauge enclosure box provides a good protection for most Digital Video Recorder. Behind its locked door, a DVR system can be secured to a set of standard 19" rails. A maximum of 6 spaces (6U) or 10.5" is available in height. Most DVR heights are 4U (7.5") which means that two extra spaces are available for 19" rack mount accessories. Eight 10-32 screws are provided to fix rack mount devices to rails. Optional cooling fans are available, in option, to allow continuous air circulation inside the cabinet (see Options). The removable rear panel facilitates installation. Cable entry "knockouts" are also provided at the back of the cabinet. The maximum internal cabinet depth is 22.75" (without fan) and provides enough space for cable connections. The cabinet can easily be secured to a table top/desk. The **FR-DVR6U** series can also be fixed to a wall using the optional wall bracket kit (**FR-DVR-WBK**).

#### Fabrication:

Body : All aluminum, gauge 12,  
alloy # 3105H14  
Door : Hinged and key locked  
(BATKO replacement key: P-FGH07)
