

Hardware Storage Concepts

TSVT -R01 12/2005

Introducing a new storage concept for our bulk consumables. The following products are now supplied in VIEWTAINERS™ for your convenience

Features

- A new concept in storage emphasizing organization, convenience, and safety.
- No Spilling! Designed to fall from a shelf or ladder without the lid coming off.
- Clear walls to quickly identify contents. Molded base for storage.
- Simply squeeze to open—release to close—real time saver!
- To refill with screws, squeeze and push the slit inwards to form a funnel—release to close.
