Features and Benefits:

- Designed with durable steel construction, black textured powder coated, supports up to 150 pounds of equipment
- Designed with a 19" depth making it ideal for installing voice and data equipment such as patch panels, active components, shelves, drawers, and cable management products creating a neat structured and organized cabling system
- Allows installers to swing the gate left or right after installation providing easy access to equipment
- Ideal for installations with space limitations prohibiting the use of floor mount racks
- Available in 12 and 20 rack mount space (RMS)
- Used with all ICC rack mount products
- Assembly instructions #MPR-0401 included
