

PLAY40DS product information sheet

Don't just sit and watch your TV – get up and interact with it! With a full range of movement, the PLAY40DS allows you to interact with your TV when watching movies, gaming, exercising and more. Sit. Stand. Stretch. Play – all at the perfect angle. The ActionMount Series by OmniMount takes interactivity with your TV to the next level.

Product Benefits*

- Offers smooth, continuous movement in all directions
- Patented Constant Force technology enables light-touch adjustments without knobs or levers
- Gravity pivot enables tilting without knobs or levers
- Improves ergonomic viewing for TVs mounted high on the wall
- Tilt and pan for maximum viewing flexibility
- Back rails engineered from extruded aluminum with an anodized finish for maximum strength and aesthetics
- Equipped with lateral shift for perfect TV placement
- Lift n' Lock™ for quick and easy installation
- Open architecture provides easy access to in-wall wiring
- Allows for post-installation TV leveling
- Cable management clips route wires
- Includes complete hardware kit

The PLAY40 is equipped with Ergotron's patented Constant Force technology, providing fluid, light-touch adjustments for effortless arm movement.
