

## RC200C Rotating Ceiling Housing

This low profile camera housing is designed for use in suspended ceiling applications, replacing a standard 2' x 2' ceiling tile. Its unique design allows the unit to be manually rotated 360°, and the compact size is ideal for use with a fixed, 11" camera and lens combination. The light weight of the RC200C means no special supports are needed.

### Available Features

- Housing is manufactured from high-impact, off-white ABS plastic
- OD1 optional metal back box available for plenum applications to comply with standard building codes
- The unit is fully adjustable for 360° positioning
- Lightweight plastic housing requires no special ceiling support attachments
- Viewing window sonically welded to a snap-in mount

# RC200C

## 2' x 2' Rotating Ceiling Housing: IP Fixed Network

### RC200C

The RC200C is constructed from a high-impact, off white plastic. The IP network ready rotating fixed ceiling camera housing is meant to replace a 2' x 2' ceiling tile. No special ceiling support attachments needed. Fully adjustable for 360° positioning

Camera as it appears in the RC200C housing
