

TRV-960

960 Hour Time Lapse VCR Featuring 24 Hour Real-Time Recording and Jog Shuttle

Our 960 hour time lapse VCR featuring 24 hour real-time recording is fully adjustable to record from 2 to 960 hours and can synchronize with multiplexers. It also features an on-screen display, IR remote control, security lock, alarm event recording, alarm search, alarm play back and panic event recording. The 960 is capable of series recording with an additional VCR and allows auto repeat recording with timer option. The carbon coated drum provides exceptional picture quality.
