USB to DVI/VGA Adapter
TU2-DVIV (A1.0R)

The USB to DVI / VGA Adapter uses a USB port on your computer to connect to a high definition DVI or VGA monitor. Connect your desktop or laptop to a DVI monitor and experience the visual impact of 32-bit True Color Depth technology and a sparkling 1600 x 1200 high definition image. Install the driver and plug the USB 2.0 cable into your Microsoft Windows desktop or laptop computer. The adapter can plug into a LCD or CRT monitor that has a free VGA or DVI port. Standard or wide screen viewing modes are supported. Clone your monitor image onto 7 monitors or display a single viewing field over multiple screens.

FEATURES

- Compliant with CRT and Flat Panel (LCD) monitors
- High definition of up to UXGA 1600 x 1200 resolution for standard or wide screen ratios
- Use up to 7 monitors to clone or divide a single viewing screen
- 32-bit True Color Depth technology
- Auto display identification using VESA compliant protocols
- Installs as a Virtual Graphics Card (VGC) and fully USB 2.0 Bus-Powered
- Supports up to 6 monitors simultaneously with static, interactive and video content
- Supports Windows 2000/XP/Vista (include Vista Aero mode) operating systems
- 2 year limited warranty
