TRENDNET ®

Outdoor Camera Enclosure
TV-H400 (V1.0R) Camera sold separately

The Outdoor Camera Dome Enclosure (TV-H400) protects TRENDnet pan and tilt Internet security cameras from extreme weather conditions with an IP66 weather rating.

This rugged outdoor enclosure is designed for TRENDnet pan and tilt series Internet security cameras-providing comprehensive surveillance to protect what you value most.

Cable grommets and built-in heater and fan, provide further protection from water, dust and variable climate conditions. Mount the camera with ease, on horizontal or vertical surfaces.

FEATURES

- IP66 certified enclosure rating ensures the highest level of protection from inclement weather
- Protects Pan/Tilt/Zoom (PTZ) cameras from a variety of weather conditions
- Built-in fan and heater helps moderate air temperatures within the enclosure
- Automatic temperature control
    - Heater turns "on" when the temperature dips below 5°C (41°F) and turns "off" when the temperature exceeds 10°C (50°F)
    - Fan turns "on" when temperature exceeds 45°C (113°F) and turns "off" when the temperature dips below 30°C (86°F)
- Heavy duty gooseneck and straight tube pendent brackets for easy wall or ceiling mounting
- Cables are protected inside the mounting bracket
- 2-year limited warranty
