

# 240.0 WBX-SM technical data sheet

Dedicated to being a one-stop shop for professional products, OmniMount remains on the cutting edge of product innovation. That's why we're the natural choice for any professional, industrial, or commercial application. WBX mounts extend farther from the wall and have a wider range of vertical and horizontal movement. The supporting tube is approximately 25% longer and 25% larger in diameter than the WB, to create the ideal soundstage for larger enclosures.

## Product Specifications

**Fits most:** satellite speakers

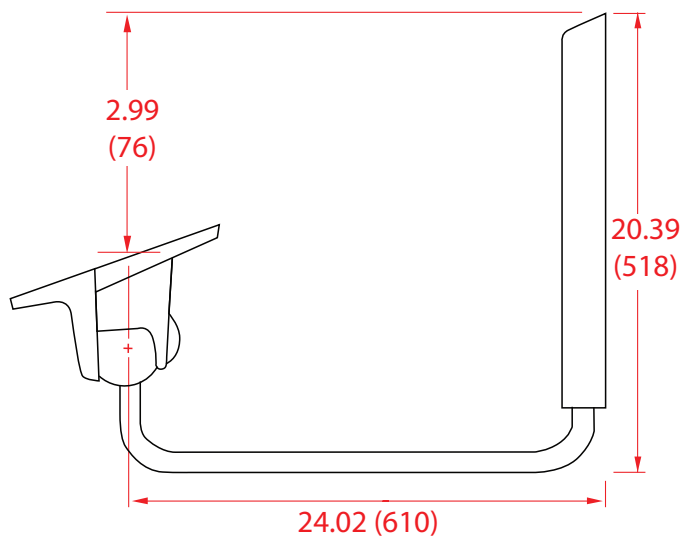

**Supports up to:** 240 lbs (108.9 kg)

**Pan:** 180°

**Color:** Black and White

## Product Benefits:

- Polymer-injected ball controls resonance frequencies for better sound
- Ball and clamp design for greater mounting flexibility
- Connects from wall to bottom or top of enclosure
- Provides a wide range of horizontal and vertical movement
- Stainless steel hardware for strength and durability
- Suitable for all-weather use
- Includes complete Grade 5 hardware kit
