

# HS1500 Enclosure

## HIGH SECURITY, INDOOR, CORNER MOUNT

### Product Features

- Vandal Resistant
- Indoor, Corner Mount Applications
- All-Steel Construction
- No Exposed Mounting Hardware
- Tamper Switch Standard Feature

The **HS1500** high security enclosure is designed for applications such as elevators, parking garages, classrooms, detention cells, etc., requiring maximum protection from vandalism. Designed to fit flush to the ceiling in a corner, an optional hood (HS1500H) is available to allow the enclosure to be mounted lower on the wall without compromising security. An impact-resistant clear Lexan® window is a standard feature.

The **HS1500** is constructed of heavy gauge steel and will accept most CCD cameras with fixed focal length and varifocal lenses.

There is no exposed mounting hardware securing the enclosure to its mounting surface. Opening the enclosure can be accomplished only by removing the tamper-resistant screw from the bottom with the specially designed tool provided, eliminating the possibility of the enclosure being opened by unauthorized personnel. A factory-installed tamper switch is mounted on the secured access cover.

NOTE: VALUES IN PARENTHESES ARE CENTIMETERS; ALL OTHERS ARE INCHES.

# TECHNICAL SPECIFICATIONS

## MODEL

HS1500 High security corner mount enclosure of medium size; designed to fit flush with the ceiling

## MECHANICAL
