

CLEAR SERIES ACCESSING DEMO WALKTHROUGH

# Accessing the Demo

1. Hook up your PC or laptop and then open up Internet Explorer .

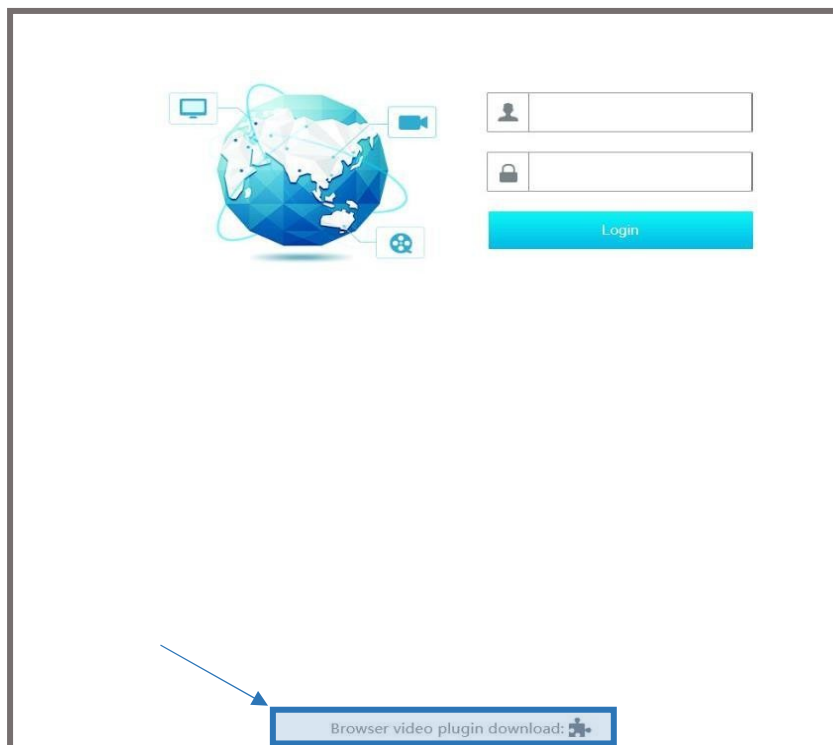

**Note: You can find Internet Explorer within the Windows Accessories under the Windows/Start option**

2. Within Internet Explorer's address bar input the following URL "**fluxdemo.g4direct.com**".

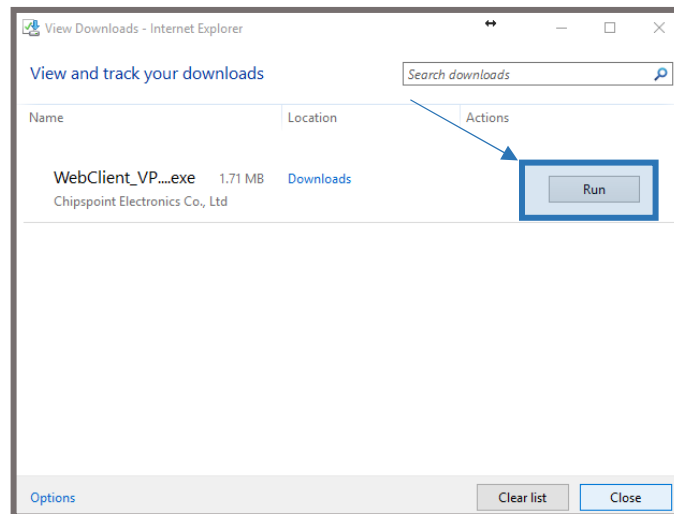

3. This will prompt you to the demo's login page. Before logging into the device you will need to download the web plugins. To do so select the plugin link at the bottom of the page.

4. Select the option to “Save” the plugin and then select the “View Downloads” option

5. Once the download is complete, close out of all browser tabs leaving only the “View downloads” tab opened.
6. You may then select the option “Run” to install the plugins.

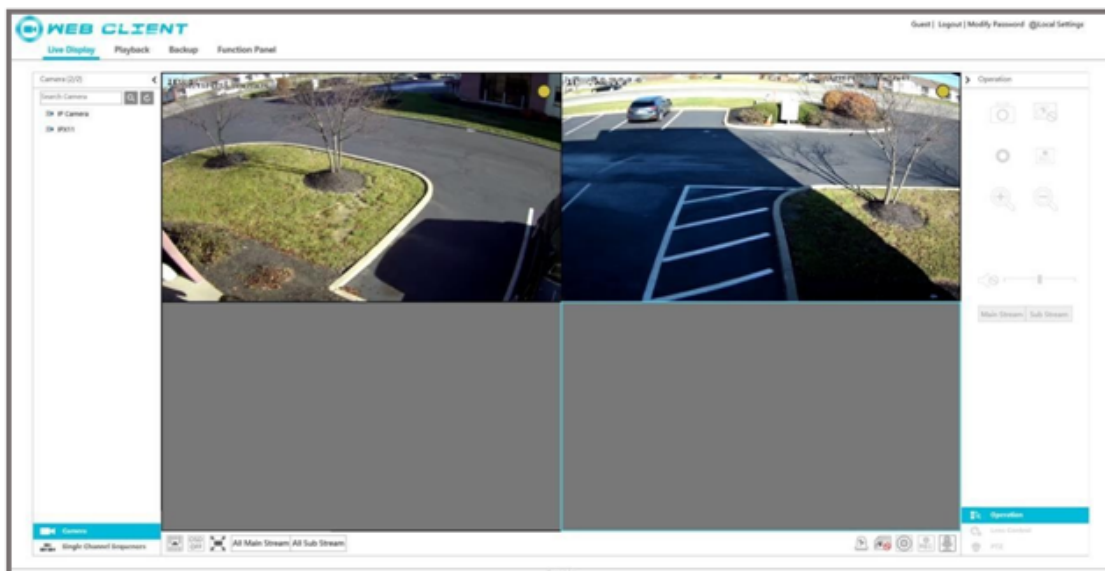

7. Once installed you may then reopen Internet Explorer and re input the demos URL. (fluxdemo.g4direct.com)

- Input the below username and password and then select "Login".  
Username **Guest**

You are now logged in and able to review the CLEAR Demo.

**Note:** Certain PC's/Laptops may prompt a message at the bottom of the page requesting permission to utilize the plugins. If prompted with this message be sure to select allow.
